

SEPA Professional Development Application

Application Deadline: April 2nd, 2020

Instructions

The SEPA Professional Development Fund was set up by SEPA Council and is funded by proceeds from the Silent Auction held at conferences, as well as from member and vendor donations.

Each award covers the amount of registration and, if funds allow, a stipend for travel and/or hotel stay. Recipient names will be sent to the conference host in order to assure that the Professional Development Committee (PDC) will cover the conference registration fee. If there is a stipend, it will be in the form of a check given to recipient at the end of the conference once receipts are given to the SEPA Treasurer.

To apply, one must be currently employed as a member of the planetarium staff or be a student/intern at an active planetarium in the SEPA region and be a full SEPA member (not a vendor). Volunteers may apply if they can demonstrate a high level of involvement at their home institution or in the planetarium field. A recommended method is to obtain a reference letter from a supervisor attesting to the volunteer's role and contributions. Volunteers must also be full SEPA members. The applicant must meet deadlines for submitting this application form and, if selected, must also meet deadlines for conference registration and paper presentations. Applicants must complete the form below and submit it electronically or mail it to the chair of the PDC at the address below.

Award recipients must present a paper or poster at the conference. The paper, or a write-up of the poster, must be presented to the editor of the SEPA Journal (*Mel Blake at rdblake@una.edu*) in order for it to appear in the edition immediately following the conference. (**The 2020 Conference is June 2-5, so the submission deadline is July 1st.**)

If you are unsure of your eligibility, please get in touch with the PDC Chair (contact info below).

The committee will discuss the applications and choose recipients as soon as possible after the application deadline. Successful applicants will be notified by e-mail on or about May 2nd, 2020.

Award recipients must respond with written acknowledgement of acceptance and must formally register for the conference within one week of being notified. Failure to do so will be interpreted as a rejection of the award, in which case funds will either revert back to SEPA or be given to another applicant.

Complete and send to the PDC Chair (email preferable):
